

ABOUT NYCAMH

The New York Center for Agricultural Medicine and Health (NYCAMH) is a private, non-profit, non-regulatory organization. Our services are available to any agricultural operation in New York. Most programs and services are free of charge. We are here to help you succeed at your job safely.

FARM SAFETY TRAININGS

All of our farm safety trainings are provided at no cost and we schedule at your convenience. Select topics that best fit your farm's needs. Trainings that fulfill regulatory requirements will include a roster for your records, provided by NYCAMH. Available in English and Spanish, in-person or virtually.

No Cost Services

FARM PARTNERS

Farming is one of the 10 most stressful occupations. For more than 30 years, Farm Partners has been providing free, confidential counseling and problem solving assistance to farmers, farm families, and farmworkers.

FARM SAFETY WALKTHROUGHS

Also called **On-Farm Safety Surveys**, these are conducted with farm owners or managers. Our Agricultural Safety Specialist walks with you through your farm and combines hazard identification with open discussion to help you understand potential dangers and how to reduce risks. After, we provide a detailed, confidential report to your farm.

TECHNICAL ASSISTANCE

Need to know what respirator is required for the chemical you are using? Or how to measure your driveline for a replacement PTO shield? Our Safety Specialists are available to answer your questions!

CHAINSAW SAFETY

This workshop is ideal for a beginner chainsaw user or as a refresher for more experienced folks. The course is roughly two hours.

Low Cost Services

OCCUPATIONAL HEALTH CLINIC

Our in-house occupational health clinic staff and Medical Director provide exams for the prevention, diagnosis, and treatment of farmwork-related health issues. DOT physicals and hearing tests are also available.

RESPIRATOR FIT TESTING

Our respirator fit testing services include medical clearance, proper fit, usage, limitations, and maintenance of both respirators and cartridges. We offer clinics at strategic locations throughout the state and if ours are not convenient, we can assist you in locating fit testing services elsewhere. We have select respirators and cartridges available for purchase at clinics and through our catalog.

PPE + SAFETY GEAR CONSULTING

NYCAMH offers one-on-one consulting services with our in-house experts so you can get high-quality safety gear tailored to your and your farm's needs.

Our catalog includes:

- Replacement PTO Shields
- Respirators
- Hearing, Eye, + Chemical Protection
- Slow-Moving Vehicle Emblems
- Logging Safety Gear
- ...and more!

FINANCIAL ASSISTANCE

JOHN MAY FARM SAFETY FUND

How often do you come across an unsafe situation on your farm and vow to fix it *some day*? What if we could help?

The **John May Farm Safety Fund** provides matching funds to small- and mid-sized farms in NY for repairs and upgrades that make for a safer workplace. You pay half, we pay half: up to \$5,000.

NATIONAL ROPS REBATE PROGRAM

Tractor overturns are the leading cause of death on farms. The NRRP provides rebates for purchasing and installing new, certified Rollover Protective Structure (ROPS) kits for older tractors. When used with a seatbelt, ROPS are 99% effective in preventing injury or death in the event of an overturn. **Learn more:** call 877-767-7748 or visit ropsr4u.org.
