Best Practical Approach

Many employers use:

1. **MATTERS** for free workplace naloxone. [\[mattersnetwork.org\]](https://mattersnetwork.org)
2. **OASAS** for free training and supplies. [\[oasas.ny.gov\]](https://oasas.ny.gov), [\[oasas.ny.gov\]](https://oasas.ny.gov)
3. The **NYS DOH overdose prevention directory** to locate the nearest county or regional distributor when replenishment or local training is needed. [\[health.ny.gov\]](https://health.ny.gov), [\[health.ny.gov\]](https://health.ny.gov)

These statewide programs serve employers throughout New York and are generally more efficient than contacting counties one-by-one. [\[mattersnetwork.org\]](https://mattersnetwork.org), [\[oasas.ny.gov\]](https://oasas.ny.gov), [\[health.ny.gov\]](https://health.ny.gov)
